ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was established in the year 2008. Our trade is to provide skill-based education to the students. It gives an opportunity for the students to apply theoretical knowledge gained in the class room with practical application of knowledge required to perform a task. The department has a team of self-motivated, Goal-oriented, young and optimistic staff with different specialization.

Department Vision

To be a centre of excellence fostering competent computer professionals to meet the demands of ever-changing needs of the industry and society.

Department Mission

- ✚ Empower the students with fundamental knowledge and technical expertise through active learning environment and modern pedagogical techniques.
- ✚ Facilitate continuous learning and research based real time projects in the emerging areas of technological convergence.
- ✚ Provide a learning ambience to enhance problem solving skills, leadership skills, ethical values and innovations
